MDT Approach

Sharing data, best practice and standardisation across our cancer network through our **specialist cancer boards** where academics from across the UK's largest teaching hospitals meet to innovate.

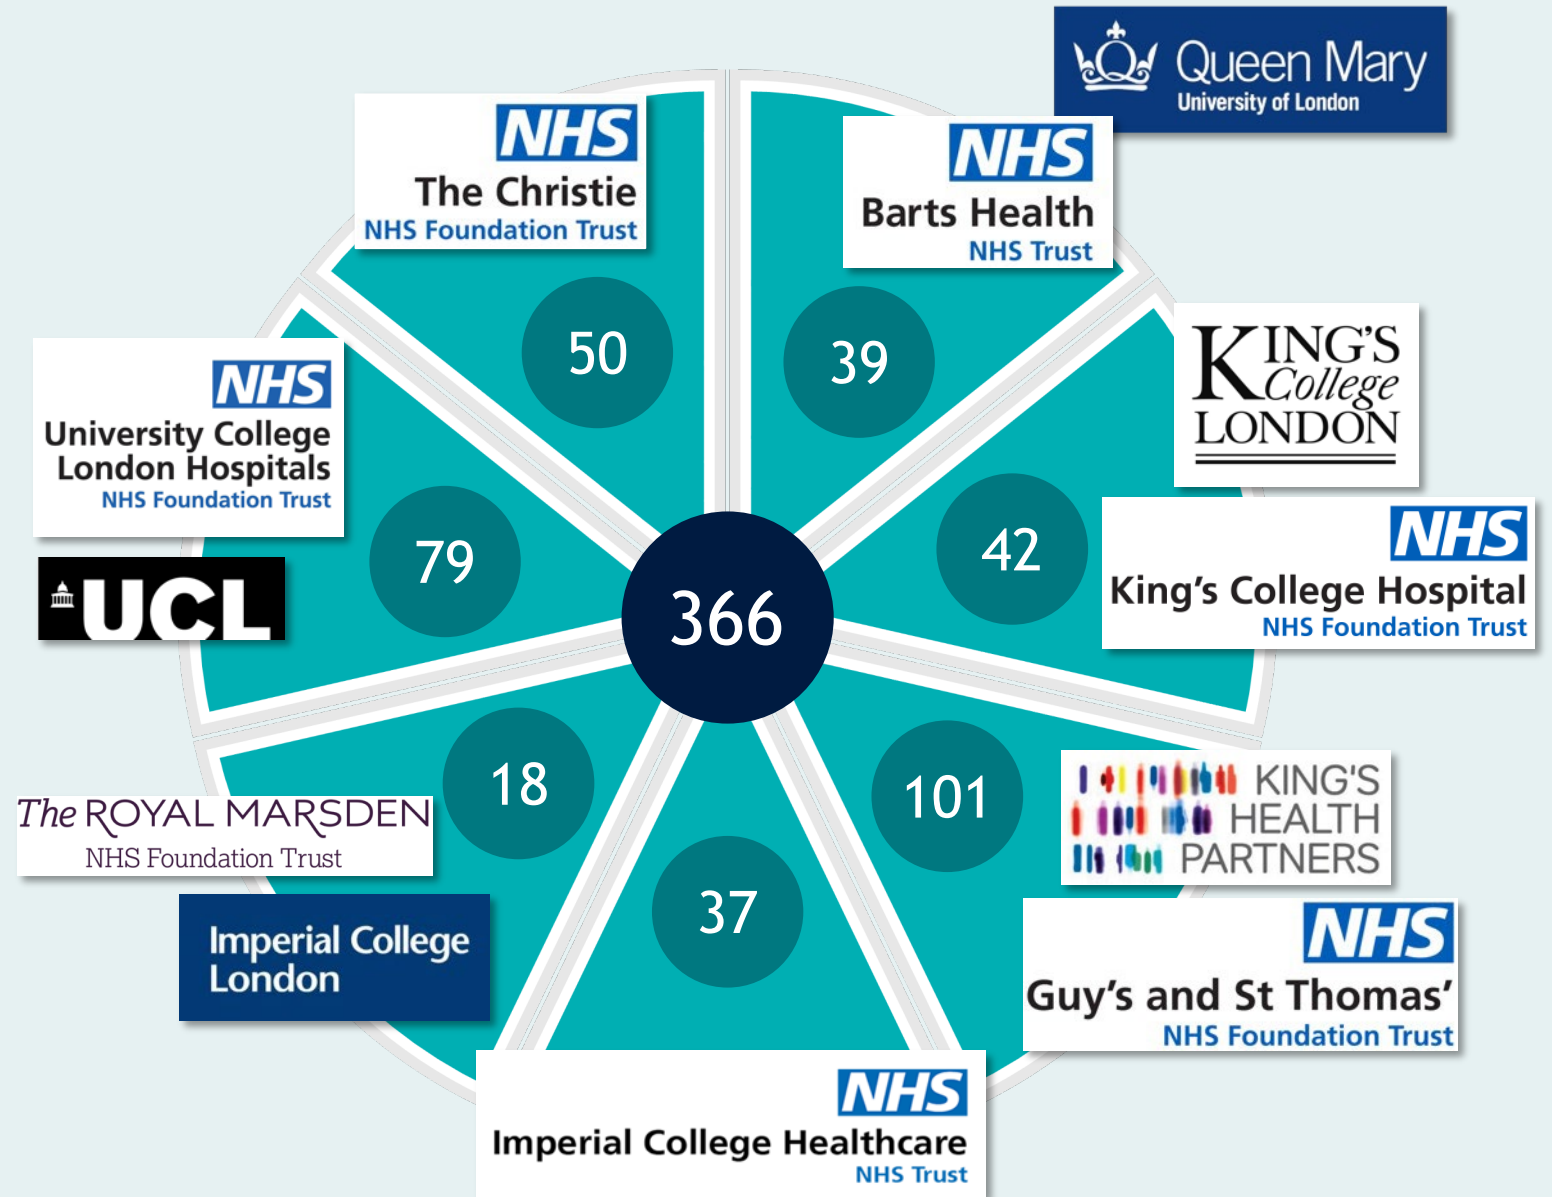

Embedded Workstreams:

- Comprehensive MDTs
- Drugs & therapeutics
- Cancer Nursing & AHP Specialists
- Wraparound care pathways
- Audit of tumour specific KPIs

A cancer diagnosis demands the very best

Number of existing HCA UK affiliated consultants based at leading NHS academic cancer centres.
